

A DENIAL FROM LONDON

OF RUMOR THAT KING GEORGE IS TO BE HIGH COMMISSIONER.

Anxiety for the Hetero-British Vessels Harried Out of Crete Port—A New Scheme of the Sultan.

LONDON, March 24.—The officials at the foreign office deny the statement made by the Chronicle that the powers have accepted a proposal made by the Sultan that King George of Greece should occupy and administer the government of Crete and appoint a high commissioner for the island, together with the intimation that paper that the king would nominate his second son, Prince George, as high commissioner, and that the cabinet would discuss the matter to-day.

ANXIETY FOR THE HERA. ATHENS, March 24.—A considerable anxiety is felt here for the safety of the Greek steamer Hera, which started for Crete on March 19th with a cargo of provisions for the Greek troops in the island. She has not yet returned. On board the steamer were the president of the chamber of deputies and a number of other prominent persons.

BRITISH VESSELS HARIED. CANEA, March 24.—The foreign admiral here has forbidden the entrance of two British merchant vessels, which started for Crete before the blockade was proclaimed, for the purpose of taking on cargoes of oil. The captains of the two ships have protested against this action of the admiral.

The proclamation announcing the blockade of the ports of Crete declares that any Greek vessel coming within the limits of the blockade will be fired upon.

The Daily News will say to-day that the British government has refused the proposal for the establishment of a neutral zone along the Greco-Turkish frontier, and will require the Greek and Turkish troops to withdraw from the territory included in the zone.

The Daily News will to-morrow publish an article saying that, denying the statement that the Greek Government favors making the island of Crete a principality under Prince George of Greece.

BLOCKADE ENFORCED. An Austrian ironclad prevented a Greek steamer and a sailing vessel from running the blockade.

Another attempt was made by the Turks to convey a supply of provisions to the fort at Malaxa, but the attempt resulted in failure, the Turks being driven off by the Christians, who surround Malaxa, and pursued to the sea. The Turkish warships compelled the Greeks to retreat. Another effort to supply the fort with provisions will be made to-night. A strong force of Greeks, it is said, are preparing for an attack on Malaxa, and the admiral is commanding the foreign warships have issued a warning similar to that contained in Admiral Canover's proclamation.

The townspeople of Canea have been greatly annoyed by the proclamation issued yesterday by the Italian officer who commands the combined fleets of the Powers, enjoining the Greeks and Turks not to attack certain forts.

A NEW SCHEME. CONSTANTINOPLE, March 24.—A great council of Ministers, ex-Ministers, ex-Grand Viziers, and other exalted officials will be held in the Yildiz Kiosk to consider a new scheme of the Sultan for the administration of the empire.

Jemaladdin Ferid, the Sheikh-ul-Islam, has handed to the Government the reserve fund destined for extraordinary measures.

The Porte is raising troops on the Austrian frontier. All the military reserves have been summoned to join the colors.

Extreme distress and much sickness prevails in the provinces. The famine is greatly intensified because of the incessant calling of the reserves to arms, and disorders among the peasantry are threatened.

The Armenian Patriarch, despairing of the Porte's promises ever being fulfilled, has resigned his office, but the Sultan refused to accept it, and promised that further concessions would be made to the Armenians.

TURKISH SQUADRON. The Turkish squadron, consisting of three armored frigates of 6,000 tons and ten guns each; one ironclad corvette of 2,000 tons and five guns; one river gunboat, one cruiser, three torpedo boats, and two torpedoes, which have been lying at Gallipoli for the past few weeks awaiting orders, has been ordered to proceed to Smyrna into active service.

Two army corps and the whole of the contingent of 185.

CONSIDER THE BUDGET.

The Conference Committee to Meet for That Purpose Monday Night.

President W. M. Turpin, of the Board of Aldermen, yesterday afternoon appointed a committee of five members of the Board to act in conjunction with a similar committee from the Council, in the consideration of the budget for 1897, upon which the two branches of the Council were unable to agree. Messrs. W. H. Zimmerman, chairman, Charles W. Hartsfield, J. M. King, James E. Hahn, and Robert S. Brock, Jr.

The committee from the Council, as previously announced, composed of Messrs. James C. Calkins, Joseph Waldstein, Henry C. Jones, Robert T. Briggs, and Sal E. Johnson.

Chairman Zimmerman last night called a meeting of the joint committee for next Monday night at 8:30 o'clock. The chairman stated that the meeting was called to consider the budget for 1897, and the questions to be discussed are whether the appropriation for public schools should be reduced, whether a number of charities should be cut out, and whether \$500,000 should be expended in the purchase of water meters.

The latter appropriation will doubtless excite the most discussion, as its friends and enemies seem unalterably fixed in their respective positions regarding the matter.

The following committees will meet to-day: Committee on Health, T. P. M. Committee on Finance, T. P. M. Committee on Second Market, T. P. M. Sub-committee on Streets, to consider the damage done by the bursting of a culvert on Fourth street, T. P. M.
